

How to Play

Find every word from the list hidden in the grid of letters. When you find one, circle it in the grid and tick its box in the list.

Easy puzzles (1 to 30)

Words read only left to right, or top to bottom. A gentle warm-up.

Medium puzzles (31 to 60)

Words can also run diagonally, always reading forward.

Hard puzzles (61 to 80)

Words can run in any direction, including backwards and upside down.

Good to know

Every word appears exactly once, and words can share letters where they cross. Two-word names, like CANDYCANE, are written without the space.

The answers are at the back of the book. Merry Christmas, and happy hunting!

Grandma's Kitchen

Flour dusted every surface, and the oven never seemed to cool all December.
